July 1, 2014

Mr. David Jones
Fluorogistx
3704 Kennett Pike
Greenville, DE 19807

Dear David:

Effective August 1, 2014, DuPont Fluoropolymer Solutions will increase prices for the Teflon® PTFE, FEP, PFA, FFR, and Tefzel® ETFE product lines by up to \$0.50 per pound, subject to existing contracts.

The nominal adjustment enables the ongoing delivery of innovative solutions, superior technical support, and local manufacturing capability in the face of rising costs. It is imperative that we continue to invest in key areas to expand production and bring sustainable innovations to market for our customers.

As the inventor and enduring leader of Fluoroplastics Technology, DuPont is committed to delivering the highest quality and value to its customers, while remaining competitive in all of its markets. We thank you for your continued business and support. Your DuPont Account Manager will be in touch with you to discuss the details of the increase.

Sincerely,

A handwritten signature in black ink, reading "Jim White".

Jim White
North America Sales Manager
DuPont Fluoropolymer Solutions
